

Notice of Opportunity to Review Landfill Expansion Draft Environmental Screening Report

Municipal Landfill, Township of Hornepayne

The Township of Hornepayne has commenced an Environmental Screening Process (ESP) in accordance with the Waste Management Projects Regulation (Ontario Regulation 101/07) of the *Environmental Assessment Act* (EAA) for an expansion of the municipal landfill located about 5 km east of Hornepayne (see map below). This regulation is directed partially at small, rural waste disposal sites and select waste projects are deemed exempt from Part II of the EAA if the environmental screening process is completed. The ESP is intended to determine the feasibility of a capacity expansion at the Municipal Landfill as a long-term (25-year) solution that will best meet the needs of the municipality with respect to the management of municipal solid waste generated within its boundaries. The results of the ESP will be documented in an Environmental Screening Report, which will be released for review and comment by the public, Indigenous communities, and agencies.

The Proposed Undertaking: The Municipal Landfill was built in 2001 and is located approximately 5 km east of the Township of Hornepayne, on part of Lots 2 & 3, Concession 3, Township of Hornepayne, District of Algoma. It currently has a disposal capacity of 39,000m³, and it is expected to reach this capacity in 2025. Based on the findings of the Township's Long-Term Waste Management Strategy, the Township is looking to increase the disposal capacity of the landfill site by 59,000m³, bringing the site's total disposal capacity to 98,000m³. This would provide enough disposal capacity to meet the Town's needs for more than 25 years. The Township is also planning to relocate the existing waste transfer station to the landfill site.

Consultation on Draft Environmental Screening Report: The Draft Environmental Screening Report has been prepared and is being made available for public review. The draft report is available for download on the Township's website: <https://www.townshipofhornepayne.ca/news/landfill-expansion/>.

**Comments on the draft report are requested by December 15, 2023
and can be sent by e-mail or mail to either of the contacts below.**
